#### President's Message

I can't believe that two seasons have come and gone since I wrote last. It is now both the ending and the beginning of a new year. So much has changed. Just as nature continues on its ever changing journey, the C.N.E.B.C. doesn't sit still either.

Thanks to the ever faithful members who care for the birds throughout three seasons and help others with the training of their dogs, especially helping new handlers in the field. You have done such a stupendous job and we are grateful to you for helping our Brittanys, or should I say humans, to fulfill what they were bred for in the first place.

During the summer months, one of our hard working members, Guy Pagella, suffered a stroke. With the help of his dedicated wife, Doctors and friends, Guy is making a comeback. At the Fall Field Trial in September, he worked as a Line Marshall, and on the side, an entrepreneur selling our hats and shirts. Since then he has become the Chairperson for our Spring Field Trial. Keep the energy coming. We could all learn from you.

Another member who suffered the scare of an aneurysm, is Mark Miller. He spent a week in intensive care and released home when all was clear. Thank God that Mark has come through this with flying colors.

Our Hunt Tests were a success, thanks to the work of our Chairperson Dennis Duguay and our Secretary Linda McCartney-Roy. Thanks also to the dedicated members who gave a helping hand during the weekend.

The following weekend our Field Trial went off without a hitch. As always, Jane Bjork worked her magic coordinating everything. With the help of many workers spanning several Brittany Clubs, our Trial was another success. Special thanks goes to Dottie and Lou for once again making sure that everyone had enough to eat. There were many club members who came and worked throughout the weekend. Without your participation many jobs wouldn't have been handled and I thank you.

On November 22nd, we held our Stand Alone Specialty in West Springfield. I would like to thank Linda McCartney-Roy, our Chairperson, for finding a new venue for this Specialty after she was told that Fitchburg was closed to any more Dog Shows. Thanks also to Peggy Aguiar, our Secretary, for helping to make this transition possible.

The beauty of this weekend was that there were eight majors to be had and many of them were taken home by C.N.E.B.C. members. Congratulations to all of you and to everyone who participated.

Our Members Day event was a lot of fun. It was a bitterly cold day but that didn't stop the die hards from setting out into the fields with their companions. One member, even walked one brace after another to watch her competition. What a thrill it was to see Fran and Dave show up. Much to our surprise, Dave did what I wasn't willing to do and that was to walk a brace. Our potluck was delicious thanks to everyone who contributed. The chili certainly warmed the cockles of many of us throughout the day. Congratulations to all of you who participated.

As you have noticed, Mary Ellen Johnson, who produced one of the best Newsletters around, has resigned due to the failing health of her husband and her Brittanys. She has worked tirelessly, researching our history, chasing after those of us who procrastinated and arranging brags, etc., with tender, loving care. She always took such pride in all that she did. THANK YOU Mary Ellen for sharing your expertise with us.

I would like to thank Peggy Aguiar for organizing and producing this Newsletter. I know it was a lot of work because of the enormous amount of brags and news. Thank you Peggy!

Let's keep on keeping on with our spirit of involvement and caring for one another. That is what makes C.N.E.B.C. so special!

Don't forget our Annual Meeting on the 26th of this month. We NEED all of you there. Come, have fun and enjoy belonging to this GREAT club.

Love to all of you,

Joan Bevers

## CNEBC Annual David Phillips Fun Day Results—June 9, 2013

### Puppy Stake

1. "Maverick" Maple Brook's Great Balls of Fire - Owner/Handler: Peggy Aguiar
2. "Jake" Cartel's Jake n Bake - Owner/ Handler: Phillip Catmen

2. "Nate" Nathan New Penny of Kinship MX MXJ OF AXP MJP2 MJPB OFF CGC - Owner/Handler: Dan and Kim Hatton
3. "Spanky" Breezewater Rebel Jac Son - Owner/Handler: Linda Holcomb

## CNEBC Fall Field Trial Results—September 14 & 15, 2013

Central New England Brittany Club only has a handful of active trialers, but the All Star New England Team, who kept us going, comprised individuals from several area clubs, and contributed much to the success of the trial.

I can't say enough about our panel of judges, assembled by SNEBC's Leslie Hunt. They were totally committed to getting the job done and giving everyone their full attention. We would not have gotten done without their tremendous effort.

With short Fall days, daylight is a premium and with such nice entries, SNEBC's Fran Gorman and NNEBC's Deb Blondin were line marshals extraordinaire. Keeping things moving is an art, and they were great at it. They also ensured that our judges had what they needed to keep going. SNEBC's Bill Gorman helped out with the bird planting duties ensuring bags were filled and ready to grab by our planters.

SNEBC's Michelle Sala helped out with the bird planting duties on Saturday, while Bruce Conover took over bird planting duties for the 32 dog OLGD. Thank you all!

Our own team of homegrown help and hardworking members Art Hembrough, Aaron Crown, Bob Hallberg, Paul Gardner kept the birds out there. Dottie and Lou Boyatzi ran the kitchen with their usual aplomb, and the mussel dinner for happy hour is getting to be a tradition. President Joan Bevers filled in as chairperson this year, and as is her usual, imparts a calmness necessary for things to run smoothly. It was great to have Guy Pagella back at a trial, and he did his usual great job selling CNEBC gear.

I am truly sorry if I missed anyone.

Respectfully submitted,

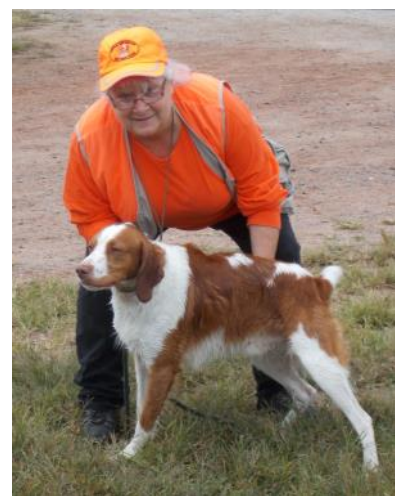

Jane Bjork, FT Secretary

Open and Amateur Puppy stakes canceled due to lack of entries.

### **Amateur Walking Derby- 10 starters**

Fall Field  
Trial —  
September  
14 & 15,  
2013**

## CNEBC Annual Independent Specialty Results—November 22, 2013

The CNEBC Annual Independent Specialty Show was held on November 22, 2013 at the Eastern States Exposition Grounds in West Springfield, MA. This year we had an entry of 41 dogs to compete for a 4 point major in dogs and bitches.

Our sweepstakes were held during the day along with the All Breed Show and Mrs. Sulie Greendale-Paveza delighted with her choice of **Triumphant's Chances Are** (shown by Kristyn McCartney), as Best in Puppy Sweepstakes, and followed up with **Tonan-Rocklan Who's Kiddin Who** (shown by Rachel Kulp) as Best of Opposite. Her choice for the veterans was **CH Shady Brook's Star Wish** (shown by Joan Bevers), named Best in Veteran Sweepstakes.

Mrs. Christine Calcinari took on the task of sorting through the classes and found her Winners Dog in **Kinship's Triumphant Pursuit** (shown by Kim Hatton). Reserve went to **Triumphant Millstone Come To My World** (shown by Linda Taylor-Knight). **Maple Brook's Some Like It Hot** (shown by Joanne Overbaugh) stood out as Winners Bitch with Reserve going to **Hope's RU Just A Memory** (shown by Doug Tighe).

The Best of Breed line-up was formidable but **GCH Marsport Hot To Ride Lucky Seven MH** (shown by Phil Booth) rose to the occasion and was selected as the Best of Breed. Best of Winners was **Maple Brook's Some Like It Hot** (shown by Joanne Overbaugh), and Best of Opposite was **Saradac's Smokin' Blanca Tatanka** (shown by Jane Bjork). Select Dog was awarded to **GCH Brookewood's Just Too Hot CDX MX MXB MXJ MJB XF** (shown by Gina Carrier) with Select Bitch being awarded to **CH J & A's Sisters Of The Heart JH** (shown by Julie Harris). Award of Merits were presented to **CH Hill's Mid-Night Express** (shown by Dawn Hill), and **GCH Millette's Sweet Memories NA NAJ NAP NJP** (shown by Doug Tighe). After the Best of Breed was selected Mrs. Calcinari went on to select **Kinship's Triumphant Pursuit** (shown by Kim Hatton) as Best Puppy.

Thank you to all the exhibitors who continue to support this specialty and to all who donated to our trophy fund. Special thanks to Gun Dog Supply for their donation to our trophies.

Submitted by,

Peggy Aguiar, Show Secretary and Treasurer

## From the Field

This quarter's article starts with the town of Augusta, WI. Now when most of us hear of the town name of Augusta, we think of Golf. To some the name Augusta means Grouse trials. Augusta WI is known for the Eau Claire County forest with some 10,000 acres of prime Grouse habitat in the Chippewa Valley of rural Wisconsin. Augusta is some two hours northwest of Madison WI. I had been making plans the past few years to attend the ABC Grouse Woodcock Classic once I felt my dog was ready. Every three years Wisconsin's Badger Brittany club host's the Classic as it rotates around the country between New England, Michigan "Gladwin's famous grounds and Wisconsin. ABC's BOD Jim Brigham is the Secretary for this WI trial. These same grounds will be hosting the Amateur Grouse Championship and the Open Invitational this year for the Pointer and Setter guys. This group of guys annually holds four wild bird trials a year on these same grounds. These wild bird trials are directed by the Chippewa Valley Grouse Dog club with help from some of the Badger Brittany guys. Attending this year's ABC Championship with a shot of winning, was our goal while training on those August days in the alder thickets of northern VT. I begged the boss for a few borrowed days off as the trial approached. It would be run on a Thursday/Friday due scheduling with the Long tails on the same grounds. With permission from work, off Duke and I drove on Tuesday evening, twenty four hours later we were at the little motel with all the Brittany people in Augusta. The drive was long, 1300 miles one way, but mostly uneventful.

The next morning Oct. 10<sup>th</sup> in the dark, we headed out some thirteen miles to the gathering area in the forest. The forest has an abundance of successional habitat with the Eau Claire River running through it. The river is a small size river that in places can be waded across. It has several canoe access points throughout the forest road network system. The first course broke away down at the Gas Pipeline. The course then circled around for an hour along the river bottom. Most of the courses did wonder near the river, which was nice for the dogs to get wet. Plenty of tag Poplar trees are found, perfect for Pa'tridge as we say. The weather for my three days out there Oct 9-11 was on the mild size with temps reaching the low 70's. The best time to run was in the morning as it cooled off every night into the 50's with clear blue skies overhead. Eighteen Dogs came to the line for this year's Grouse classic. One was previous champion Karo, out to Gill and Jane Hopper's string. Karo was also National Amt. Gun Dog Champion in 2010. Also coming to the line was the 2013 Prairie Chicken Champion from Minnesota, McChesney's Tequila River. Mostly the dogs were from Michigan, Illinois and Wisconsin, a few field champs all with placements of course as it is a limited stake. No dogs were picked up for breach of manners during this trial speaking to the quality of work. Another note Mr. Ken Windom President of the American Brittany Club came over from Iowa to watch his first cover dog trial. Ken was very impressed with the dogs and the logistics of such a trial.

Judges were Roger King, who helped lay out the original courses, along with Brent Lloyd. Brett is President of the Badger club and is a avid Grouse hunter. , Both judges kept a thoughtful eye on all the dogs. Marshall Larry Davidson kept things running smoothly along with Jim B. There are six hour courses used during the running with another as an alternate if needed for call back. We ran six braces on Thursday and three Friday morning. There were enough birds found throughout the two days, but the warm, dry conditions did not work in the dogs favor. Birds were found on all but one course during the trial. Course four having the most bird work, here two Grouse and two Woodcock were pointed and fired over. This course produced our Champion. The birds seemed a bit skittish, as I saw a few stop to flushes ahead of me while walking the braces. Some birds just lifting on their own as the gallery walked along. As noted these birds had been run on already twice before this past month.

We had a wonderful lunch at mid- day of Wisconsin Brats grilled & warmed in beer and butter. This is a tradition, along with some Saurkraut & Baked Beans. The club's put on a great feed. Then off we went for the afternoon. As in NH the trucks have to moved about, but not as much, as the several courses loop back to their starting point.

Duke and I were braced in the last brace on Thursday afternoon on course Six, the hilliest of the courses. Here we climbed several old channel breaks along the river bottom as the trail ran along it's flood plain. In

## From the Field

short both dogs- broke cleanly to the front and after a bit Duke arched nicely into the cover, always to the front of me and the Judges. Duke came across every so often, nicely within bell range, occasionally showing, "Just like I had wanted". The other dog was a bit more straight ahead with its handler moving forward at a more aggressive pace. I lost my bell at about 20 minutes requesting my scout to go in off to my left. Duke was found standing about 30 yards in, as the cover was a bit thick here. We flushed a Woodcock and fired all in order. We were still behind the other dog the whole way out. Duke made several nice casts about the first bottom as we climbed out the old bank with temps in the 70's. He did show a bit of pottering climbing up and out around 35 minute mark. I watered him up top and then we went down the other side of the bluff. Duke found some water in the bottom land and seemed to regain his stride. He made a nice cast into some likely cover around the forty third minute. We lost his bell and the marshal said I think he is stopped in there. I sent my scout in and the Judge and I also heading in shortly after. Scout found Duke standing high and tight, ahead in a birdy opening. I made a flushing attempt and up popped another Woodcock. I fired all in order. We headed back to course. We tried for the final fifteen to dig up another bird making casts into likely cover, looking for, hopefully a Grouse, but to no avail. I was pleased with his effort and this made my trip worth it no matter what the results.

The winner and all who placed will be receiving Purina Pro Plan Performance dog food for their efforts. Purina always comes through for the Field Trial community and their thoughtfulness was appreciated by all. Their Performance formula is what many of us feed our Britts. Also because this was a Championship Tri-Tronics pitched in with a brand new collar going to the champ. A nice prize I might say. Many of us use their products and their reliability is without equal in my eye's.

It will be another three years before the Brittany's run on these grounds again, a lot can happen in that time frame so I am glad I made the effort to go. Next year's classic is in Michigan at Gladwin. I hopefully can attend. Bird count: my guess. 11 Grouse - 5 Woodcock w/dogs present. 1 ½ days running dogs.

Hope you enjoyed my recollections. Arthur Hembrough.

Placements for 2013 ABC Grouse/ Woodcock Champ, as follows. Champion-Phoenix J. Doperalski WI, RU -Champ. Maggie M. Daily WI, 3<sup>rd</sup> IVY- T. Goltz W, 4<sup>th</sup>- Duke A. Hembrough- MA

### New Champion

**CH Shiloh Swift Rivers Victory**

*(DC Jordean Tough Stuff MH x  
CH Swift River's Flashback in Time JH)*

Breeders: Pennie J Peterson & Frances N Phillips  
Owners: Steve and Andrea Ryan

Nelson began his life in Apple Valley, California and happily resides in North Adams, Massachusetts. He completed his championship with his third major at Framingham District Kennel Club on November 2, 2013 and was awarded Select Dog at the Northern New England Brittany Club Specialty the following day. He was proudly presented and shown to his championship by Robin Prouty of Cloverhill Farm.

### Dylan's Phillips Commencement

Dylan received his Bachelor of Science degree from the Gabelli School of Business of Fordham University in May. He secured a position with a financial management firm in Manhattan and will continue to reside in the Bronx. His parents and both sets of grandparents were in attendance to help him celebrate this day. He hopes to get back to Barre to enjoy a few days of the fall hunting season with his favorite hunting companion, Sophie. He was an active and hardworking Club member for many years, showed in Juniors, and helped his Dad and Grandfather plant birds at just about every trial, hunt test, and Fun Day in the days while he lived locally

#### **Ch. Shady Brook's Master Morgan "Morgan"**

It was with a heavy heart that I had to say good bye to my handsome Morgan. Five years ago he was injured in the field and a hematoma formed on his left shoulder. I took him to two Vets and both of them told me that the body would absorb it so I was not to worry. Well, it didn't go away. Instead it steadily grew larger. Three years ago I had saved enough money to have it removed but it was too late, because the juggler vein was running through it and the growth could not be removed. It no longer was thought of as a hematoma but a cancerous tumor. For the next three years he ran and played as if nothing was wrong with him. He sired several litters and produced beautiful offspring. He was the father of Isabella who was Winner's Bitch in Arkansas three years ago. Isabella, owned by Lisa Tailby, went on to become a Grand Champion as well as her sister, Miss Monique. His latest Champion was Justin, owned by Linda and Kristyn McCartney.

When people asked me how old he was, I would tell them that he was 8 going on 9, but acted as if he was 1 going on 2.

On August 13th he was trying to do his manly thing to Monique who had just been bred to Happy. The following morning, he started to limp on his left front leg where the tumor had grown. I attributed it to him pulling a muscle as he ran with the best of them in the fields that surround my home. By noon the following day, his leg had swollen to almost three times its normal size and he cried out in pain. The writing was on the wall and I knew the end was near. Thanks to the companionship of my dear friend Dottie, I did not have to go to the vets alone. Morgan stood there like a prince and fell into my arms as the injection was administered.

Sleep my precious and handsome Morgan and know that you were loved!!!!
